Non-Stimulus Projects

DCKA-2007-B-011, Tree Removal Service. (0%) The District has a recurring need to provide tree removal services. There is a great diversity of trees in the District of Columbia including conifer, broadleaf evergreen, and deciduous species. For each species, there exists substantial variation in age, size, condition, and structure of individual trees. This species diversity and tree variability creates challenges with regard to tree care practices, and in particular for tree removal.
